PROFESSIONAL SUMMARY

Information Systems student focused on frontend and web development, with hands-on experience building responsive applications using JavaScript, React, HTML, CSS, and REST APIs. Experienced with developing CRUD applications, integrating third-party APIs, managing application state, and deploying web projects. Seeking a junior web developer or frontend development internship opportunity.

TECHNICAL SKILLS

Frontend: Javascript, React.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL, Firebase

Tools: Git, GitHub, Vercel, Netlify, VS Code

Additional: Responsive Design, CRUD, API Integration, Debugging

PROJECTS

Weather Application | React, JavaScript, OpenWeather API

- Built a responsive weather application that retrieves and displays real-time weather data using the OpenWeather API.
- Implemented city-based search with asynchronous API requests and dynamic UI updates.
- Managed application state with React Hooks and handled loading/error states for API requests.
- Deployed the application using Vercel.

Bookstore CRUD Application | React, Node.js, Express, MongoDB

- Developed a full-stack CRUD application for managing book/product records.
- Built reusable React components for creating, editing, viewing, and deleting records.
- Developed REST API endpoints with Express.js and connected them to MongoDB.
- Integrated frontend and backend through asynchronous HTTP requests.
- Implemented database operations for persistent data storage.

Personal Portfolio Website | React, Tailwind CSS

- Rebuilt a personal portfolio website using React and Tailwind CSS with a responsive component-based architecture.
- Designed responsive layouts optimized for desktop and mobile screen sizes.
- Implemented reusable components for navigation, projects, skills, and contact sections.
- Deployed the website to Vercel and configured a custom domain.

EDUCATION

Bachelor of Science in Information Systems

Northlink Technological College | Expected May 2029

Relevant Coursework: Web Development, Database Management, Data Structures, Programming

CERTIFICATIONS

JavaScript Algorithms and Data Structures — freeCodeCamp | 2026

Responsive Web Design — freeCodeCamp | 2026
